## FAQs for authors

---

If you do not see the answer to your question below, please email [postercompetition@rcp.ac.uk](mailto:postercompetition@rcp.ac.uk)

### **What are the eligibility criteria for lead authors?**

This competition is open to resident doctors working in the medical specialties at all levels – including international medical graduates, foundation doctors, internal medicine trainees (IMT), higher specialty trainees (HST) and MTI doctors – as well as medical students and locally employed doctors working at an equivalent level to those in training (e.g. clinical fellows, senior clinical fellows). Doctors in a HST post (or a locally employed equivalent) should be working in an [RCP recognised medical specialty](#). To be eligible, you must not be expecting to complete training (i.e. obtain your CCT) before 1 November 2025.

The lead author must be the submitting author and must be a current and subscribing member of the RCP.

If you are not a member you can read about the host of membership benefits and how to join at the [RCP website](#).

### **Who should be listed on the application form as authors / co-authors?**

The lead author must be the person who will present the poster should your abstract be shortlisted. Co-authors listed must be medical students or resident doctors. Consultants must not be listed as a co-author at this stage.

The training grade, specialty, hospital and trust/health board name must be included for all co-authors.

### **How many co-authors can I include?**

You can include up to a maximum of six **resident doctor or medical student** co-authors and must be limited to those who worked closely on the project.

### **I forgot to include one of my co-authors. Can I add them now?**

You can make changes to your abstract and add in additional co-authors up until the closing date. After that date, no further changes or additions can be made.

**I cannot see where to add my consultant as a co-author.**

Do not include your consultant's name at this stage. However, if your abstract is shortlisted for presentation, you should acknowledge them on your poster.

**I am an international medical graduate/a doctor on the Medical Training Initiative scheme – what are the eligibility criteria for this programme?**

**I am a previous RCP regional poster competition winner. Can I submit a new abstract in 2025?**

Yes, you are welcome to submit a new abstract.

**I have submitted this abstract for another poster competition. Is that okay?**

If your abstract is successfully shortlisted for presentation at another competition that takes place before 8 October 2025 you will need to withdraw your abstract from our competition by emailing [postercompetition@rcp.ac.uk](mailto:postercompetition@rcp.ac.uk)

**I have been asked to present my project locally at my trust/health board. Can I still submit it to this competition?**

During shortlisting, anonymised abstracts will be scored out of five against the following criteria:

**What happens if I am unwell on the day or unable to attend? Who else can present on my behalf? Will the certificate still me as the lead author?**

If you are unwell on the day one of your co-authors can present on your behalf. However, **you** will still be listed as the lead-author on the certificate and if your poster is the winner, or is awarded highly commended, **you** will be invited to present your poster at Med+ and you will be the recipient of the free virtual place at Medicine 2026, not your co-author.

You will also be listed as the lead author in the RCP virtual poster competition digest 2025.
