

## MTI application portal upgrade – important notice

19 March 2026

Dear colleagues,

We are writing to update you on the planned upgrade to the MTI application system.

From **Thursday 26 March 2026**, the MTI application portal will stop accepting new applications in preparation for the upcoming system upgrade. Existing applications already submitted before this date will continue to be processed.

The MTI application portal is currently scheduled to be **temporarily unavailable from Friday 10 April 2026**, while the system upgrade takes place. All existing application data will be transferred to the new system.

Please note that these dates are subject to change. We will confirm any updates as soon as possible.

The upgrade is expected to take approximately **1–2 weeks**.

During this period:

- No new MTI applications will be accepted;
- Applicants will not be able to upload documents or make changes via the portal.

From the start of the system downtime and until the new portal is available, documents should be sent by email to [mti@rcp.ac.uk](mailto:mti@rcp.ac.uk). Please note that documents submitted by email may take longer to process.

We apologise for any inconvenience during this period. Response times may be slower while the upgrade is taking place, and we appreciate your patience and understanding.

Once the new application portal is live, we will share further guidance on how to access and use it.

Warm regards,

**MTI Team**  
**RCP Global**
